These packages are designed with years of customer feedback – our brides and grooms telling us exactly what they would like in a package with upfront pricing. We have always been known for our ability to build you the perfect package, if none of these fit your needs we will help you custom create exactly what you are looking for.

We currently use the press printed and photographic albums exclusively from Zookbinders for our wedding albums. There are many other sizes, colors, and options they offer to allow for a beautiful showcase of your special day.

Copyrights granted in these packages are understood to be “shared” copyrights, meaning that both the studio and the customer have equal rights to use the final images in any manner they choose, including the studio’s display on websites, electronic and printed media.

Important information about the Bride and Groom Reorder Credit and included Albums

- The \$300.00 credit included in both packages does not have a separate cash value from the package and therefore any unused portion of the credit cannot be refunded.
- Bride and Groom must use the entire credit at one time and within 2 months of receiving original photos, proofs, or online viewing
- The ala carte prices that are in effect at the time the reorder is placed will be used to add up to your total credit. Example – if your reorder is turned in on June 15, 2013 and the ala carte price at that time for an 8x10 is \$14.00, then each 8x10 that you order will use up \$14.00 of your credit. As an example, you could use your credit to order 1 11x14, 11 8x10's, and 11 5x7's for a total of \$297.00 (at 2013 prices)
- Credit can only be used on specialty services or options including but not limited to spot-color, digital touch-up, photo-art cards, albums or upgrades on wedding albums with studio permission.
- Due to the constantly changing prices of custom photographic and press printed products, the studio reserves the right to pass along to the customer any increase in costs incurred for producing the album in the contract package if the customer does not forward the images they would like in the album and approve it for print within 6 months of the wedding date.

Prices are subject to change without notice

Once a contract is signed the prices are locked in and this document with the included options will become part of the binding wedding contract.
